## **Legiant Primed for Success in 2010**

AUSTIN, TX – January 22, 2010 – Legiant, a leader in time and attendance tracking software, today announced their plans for continued success in 2010 based on impressive 2009 results. An aggressive growth strategy implemented in 2009 combined with new developments for their time and attendance product should bear fruit this year, according to top executives at Legiant.

In 2009, Legiant opened up several new offices across the United States and added key talent to their sales and support staff. Marketing efforts were effective in reaching a larger audience and new sales were up from 2008. Additionally, Legiant’s experienced professional services team completed new customer implementations on average within 66 days and they achieved a 95.6 percent customer-satisfaction rating.

Also in 2009, Legiant developed a migration program for Stromberg customers looking for an alternative time and attendance solution. Customers participating in the migration program will be transitioned to Legiant this year. “The goal of this program is to ensure that Stromberg users’ current time clocks are compatible with the Legiant Timecard system and that we can easily match their current rule configurations,” said Rod Crane, CTO of Legiant. “We want the transition from Stromberg to Legiant to be truly seamless.”

“The fact that our solutions have a proven ROI and actually save our clients time and money has made us successful despite the current economic situation,” said Walter Ross, CEO of Legiant. “Plus, we recognize the importance of having an experienced, dedicated staff focused on meeting or exceeding customer expectations. With an excellent team and solution in place, Legiant is primed for success in 2010.”

This year Legiant was selected as one of the “Best Companies to Work for in Texas”. The awards program was designed to identify, recognize and honor the best places of employment in Texas, benefiting the state's economy, its workforce and businesses. The “Best Companies to Work for in Texas” awards program is a project of Texas Monthly, the Texas Association of Business (TAB), the Texas State

Council of the Society for Human Resource Management (TSC-SHRM) and Best Companies Group. Legiant will be recognized and honored at the Best Companies to Work for in Texas awards ceremony on Thursday, January 28, 2010 at the Texas Association of Business 2010 Annual Conference.

### **About Legiant**

Legiant is a leading provider of web-based time and attendance software for payroll, attendance, productivity, leave and project tracking. Flexible time and attendance tracking solutions help Legiant's enterprise customers maximize the profitability and productivity of their workforce. Solutions such as Legiant Timecard™ and Legiant Express™ can be customized to meet the unique needs of any organization including mobile workforce tracking, software-as-a-service and real-time reporting. Legiant combines software, hardware, and professional services to create a comprehensive time tracking solution, easy-to-use and accessible from anywhere through a Web-based interface. Legiant integrates with the majority of payroll systems and supports biometric data collection devices.
